GOP Calls for Resignation of Commissioner Carol Sloan

Albuquerque, NM—In response to news that Democrat Public Regulation Commissioner Carol Sloan was convicted of aggravated battery and burglary, NM GOP Chairman Harvey Yates Jr. released the following statement:

“Commissioner Sloan received her day in court and was convicted of two felonies. Out of respect for the office she holds and the constituents she was elected to serve, Carol Sloan should resign immediately.

“Unfortunately, New Mexicans have grown accustomed to learning that too many of our state's Democrat leaders conduct themselves in a manner which tarnishes the state's reputation and undermines their ability to lead. Today's conviction offers yet another reminder that it is time to eliminate the single-party control under which this state has operated for too long.”
